Considering the contracts existing between CEB and their sponsors of cloth and ball manufacturer (SIMONIS & ARAMITH), no advertising of another manufacturer of cloths or balls is allowed in the game arena.

The organiser can, at least 1 month before the event ask freely, through his federation, cloths and balls for the European Championship. This application must be done directly near the manufacturer or his representative in this country.

As a return service:

The organizer must, provided that possible, in the brochures and onto the advertising posters put out visible that this championship is played on these cloths and with these balls.

In the game arena an adequate place will be reserved to the CEB and to their sponsors flags (SIMONIS & ARAMITH).

On the tables, labels of a maximum of 300 cm<sup>2</sup> of the firm SIMONIS are positioned at least on two sides.
